CHILD PROTECTION PROCEDURES

Responsibilities of the Society

At the outset of any production involving children the society will:

- Undertake a risk assessment and monitor risk throughout the production process.
- Identify at the outset the person with designated responsibility for child protection.
- Engage in effective recruitment of chaperones and other individuals with responsibility for children, including appropriate vetting (if necessary in consultation with the local education authority).
- Ensure that children are supervised at all times.
- Know how to get in touch with the local authority social services, in case it needs to report a concern.

Parents

- The society believes it to be important that there is a partnership between parents and the society. Parents are encouraged to be involved in the activities of the society and to share responsibility for the care of children. All parents will be given a copy the society's Child Protection Policy and procedures.
- All parents have the responsibility to collect (or arrange collection of) their children after rehearsals or performances. It is NOT the responsibility of the society to take children home.

Unsupervised Contact

- The society will attempt to ensure that no adult has unsupervised contact with children.
- If possible there will always be two adults in the room when working with children.
- If unsupervised contact is unavoidable, steps will be taken to minimize risk. For example, work will be carried out in a public area, or in a designated room with a door open.
- If it is predicted that an individual is likely to require unsupervised contact with children, he or she may be required to obtain a criminal record disclosure.
